COVERAGE and DURATION:

CARDONE warrants that it will provide a free replacement for any CARDONE® Reman unit that fails or proves defective during normal use on the vehicle on which it was originally installed. This warranty does not apply to an CARDONE® Reman product which has been altered, misused, damaged, installed improperly, installed on a vehicle for which it was not designed, installed on a racing or high performance vehicle, or, in the case of CARDONE® Reman Master Cylinders, installed using the wrong brake fluid (use only D.O.T. 3 or D.O.T. 4 as per O.E. specifications). This warranty also does not apply to any CARDONE® Reman Steering Part that was installed without a steering system flush using O.E. recommended fluid. On commercial/fleet vehicles, all CARDONE® Reman products listed above are covered for up to 1 year or 29,000 km, whichever occurs first. This warranty is extended only to the owner of the vehicle on which the CARDONE® Reman unit is installed, for as long as that person owns the vehicle, and is not transferable.

REMEDY and SERVICE:

A replacement for a failed or defective CARDONE® Reman unit is available from the point of purchase. The unit must be returned with proof of purchase and a written description of the failure or defect.

For CARDONE Reman Turbochargers, the defective unit must be returned with proof of purchase, proof of fuel filter replacement at the original time of fuel system component installation, proof of regular fuel & oil filter changes (for units using engine oil) as per the OEM recommendations and a properly completed Warranty Return Tag (doc# 920317-2T).

Before issuing warranty credit, CARDONE will validate the information provided and alleged defect. There are four reasons why CARDONE may not issue warranty credit, even with completed information:

1. The product is not a CARDONE unit.
2. The product is actually a core.
3. Defect was caused by installation error.
4. The product was never installed on the vehicle.

EXCLUSIONS:

CARDONE makes no warranties of merchantability or fitness for a particular use or purpose and no other warranties, representations or guarantees, whether written or oral, beyond those contained in this warranty. The replacement of the unit is the sole and exclusive remedy for the claims of any type (including personal injury) arising from the failure or defective condition of the CARDONE® Reman unit, from CARDONE's negligence or breach of legal duty, or otherwise. CARDONE® will not reimburse the vehicle owner for the cost of removing or returning the failed or defective unit, installing the replacement unit or replacing any other parts, or for any other expenses, charges or damages.

LIMITATION on LIABILITY:

To the extent allowed by law, CARDONE® will have no obligation to the vehicle owner for any incidental or consequential damages arising from the failure or defective condition of the CARDONE® Reman unit, from CARDONE's negligence or breach of legal duty, or otherwise. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.
